What is a school? To some, it might be just a building to come to 180 days out of the year. Depending on who you talk to, the word "school" can have soveral different meanings. Some might think of school as the spirit of competition, striving to make their school the best one around. Others think of school as meeting new friends and having fun with the old ones. As we have seen throughout this year, school is work, but it also can be fun. Many throughout the 1996-1997 school year, have reached the "high points" of school. - Lisa Wheat (97)

The building is a big part of the student's life. Here is Charlevoix High School for the 96-97 school year.

Highlights

What does school mean to you?

"School is a chance for me to be with all my friends because after this year, I won't be able to see them anymore. It (school) is a chance for me to be in cheerleading Overall, I learn and discover new things." -Breanne Marr (97)

Music and the nineties can be summed up in one word, diversity. And yes, even here at tiny Charlevoix High School, diversity is present. The students at CHS listen to anything from Pearl Jam, Smashing Pumpkins, Phish, and The Beastie Boys to R. Kelly, 2Pac, and Dance Hall Crashers, to name a few.

Like the rest of the U.S., the most popular music listened to by the students at CHS is alternative. One-third of the 100 students surveyed chose alternative music as the music they listened to the most. Furthermore, music played a large role in the lives of many students. 74 percent of the student body felt that music has a big influence on their lives. As the music industry continues to grow around the world, it also continues to thrive here at CHS. -Monica Browe (98) and Tricia Kelly (98)

Reduce, reuse, recycle. It sounds simple enough. Common courtesy - don't leave our planet in worse condition than it was when we got here. Yet why are there still homes that do not recycle? Why are our environmental problems increasing? Here at CHS it's hard to believe that a recycling program just started up in April, thanks to Miss Statsick's seminar. Hopefully the program will be here costay. A curve, aken of 100 CHS students did show that students do care about

CHS students did show that students do care about the environment and want to help. It's just that many don't know where to begin. There are simple ways to help our environment everyday. For example, turn the heat down at home, turn off the water when brushing your teeth, take shorter showers, walk or bike when you can rather than drive, or car pool on the way to school. It's up to everyone to help out Mother Earth or else we'll all suffer the consequences. -Tricia Kelly (98)

Mrs. Mary Seaman National Honor Society Advisor

The National Honor Society has been a long-standing tradition at CHS. Students eligible for National Honor Society must display the four characteristics of leadership, scholarship, character, and service while maintaining a 3.5 GPA or better.

This year, President Jessa VanGuilder (97), Vice President Chelsea Gorkiewicz (97), Secretary Bill Parton (97), and Treasurer Zac Bakker (97) led the Society through car washes, bake sales, the Christmas Food Pantry, and finally the Induction ceremony where 28 new members became part of the elite at CHS. -Mike Post (97)

The 1997 Charlevoix High School Tennis team had a great spring season. Erik Halverson (98) and Ben Owens (98) were an excellent doubles team. George LaBlance(99) and Wally Pair (99) also worked well together playing doubles. All of these young men were runners up in a conference. Overall Charlevoix came in fifth at the conference.

The tennis team consisted of four strong doubles and one single. Jamie Whitley (98) and Simeon Perron (00) had a great spring season as did Leah Dulaney (98) and Shelly Riley (98). Jess Wood (97) played quite well as a single.

The Tennis team worked hard and had a lot of fun doing it. Even though they weren't the best team on the court this spring they were far from the worst. This team had spirit and strived to succeed.

Satisfied with their scores this season, many members will return next year to wipe up the courts. - Laura Maltese (98) & Kelley Tornga (98)

The 1996 Rayder football team had a rough season. Rayders completed their season with 3 wins and 6 losses. This year the football team improved despite the many players that were not able to participate due to a lot of unfortunate injuries.

Coach Klinger commented, "The 1996 Football season started out with high expectations. The players on this team were a group of young men that I have great respect and admiration. They were able to overcome adversity and injuries all year. Each week someone had to learn a new position, because it was best for the team. They all understood that if the team would benefit, it was the right thing to do. Even though some of our expectations were not met, this was a group of young men I will remember for a long time." - Shannon Lavoie (97) & Sara Fairbanks (97)

The season started off on a good foot for the girls' varsity softball team. And as the season wore on, the Lady Rayders toiled to a 20-12 finish. At times it almost seemed too easy, with last year's returning co-captain, Jenny Eveleigh (97), and the '96 standouts, Lindsay Blechel (98) and Amanda Eaton(98) returning this year hopes soared. And let's not forget the ageless expertise of the Lady Rayders head coach, Rick Grunch, and his right-hand men Bob Eveleigh, Larry Potter and Jim Potter.

The girls' last two games were exciting ones. In the pre-district tournament Jenny Eveleigh(97) hit a home run over the fence in East Jordan. She's rumored to be the first softball player to hit it over that fence. Their final game was against Boyne City in the district finals. The Lady Rayders played their hearts out, but in the end came up short, losing to Boyne, 5-4. - Aimee Bergmann(97), Carl Goff(99)

Jenny Eveleigh (97) is begging for her teammates to score.

The soccer team had a great year. With all the long bus trips downstate the girls stuck together and had a blast doing it. They had a rough spring with the lasting winter weather but they toughed it out and came through with a great season. There were many young players on the team but the returning players learned to help them out and worked well with them. "This is the third year that there has been a girls soccer program and the girls have improved every year," commented Nikki Sheldon (97).-Katy Conlan (98)

This year, depth described the girls' track team. With returning runners and newcomers, the girls proved to be a strong team, coming from an 11th place at 1996 Regionals to a 6th place this year as well as a 4th place finish at Conference. The team was coached by Mr. Ken Plude and the volunteer assistant coach was Mary Plude. This year proved that with hard work and dedication comes fun and improvement.

The guys' track team, coached by Mr. Hal Evans and assisted by Mr. Bruce Waha also had a good season, placing 3rd at both Regionals and Conference. A large chunk of the team were seniors and they, along with coach Hal Evans, finished of their last track season. Mr. Evans retired from the coaching position this year after 24 years of coaching here at CHS. He will be missed.-Tricia Kelly (98) & Monica Browe (98)

It was a disappointing year for the j.v. baseball team.

Even though they didn't win many games, the team had a lot of freshmen and the Assistant Coach Pete Scholten said that he expects next year to see big improvement. The experience gained this year will lead them next year.

Another disadvantage this year was that the j.v. baseball team had to finish the season with three of their key players moving up to varsity. Those three players were Ryan Bier (99), Shay Hutchison (00), and Andy Granath (00). - Leah Dulaney (98)

The wrestling team ran into some rough times. "The season overall was not very productive," said Brandon Perry (00), who was one of the four remaining wrestlers.

At the beginning of the season there were 12 members of the wrestling team, at the end, due to people quitting and being kicked of the team, there was only Brandon Perry (00), Jarod Hoffman (99), Rob Torres (99), and Preston Pitawanakwat (99).

Due to the loss of some key people from last year the enthusiasm for the sport has dropped. Good things are expected in the future for the sport. - Mike Cherry (98)

WE'RE ALL IN THE SAME BOAT.....

As the school years pass by, the students at C.H.S. grow anxious for the much anticipated end of the year, but everyone knows that the students are not the only ones trying to percervere through the long year.

The faculty at C.H.S also grows tired of the complaining students and especially the students who don't abide

by the rules. But because the faculties goals include helping every student to have an equal chance to learn they push these problems aside and continue to create the best learning environment they possibly can.

Although the decision to return to school after school was their own, they

are here to help better the education of the student body. So as you get grouchy about the assignments and extra work given just try to remember that teachers have problems too and they are not here for their own good they are here to help. - Josh Dennis (98)

High Spirits

A rowdy freshmen class danced their way into the high school this year. The class of 2000 won the lip sync contest with their own version of "HOT, HOT, HOT."

Junior class a closer look....

Whether it's school spirit, class work, homework or just hanging out, the junior class was on top of it all this year.

This class has taken on many projects before, but none as important as prom, which was the task for this year. Prom was held at the Harbor Springs Country Club, and the juniors, along with Class Advisor Mr. Pat Conway, gave the

seniors "An Evening Under the Stars," which will not soon be forgotten.

Living up to past expectations, the class of '98 has excelled in almost everything they've done; and this year was no exception.

Keeping the class of '99 BUSY

So, it was another busy year for the class of '99.

Dreaming of the best promyet they tried to have more fundraisers. Class Treasurer Kelly Kusina, President Jamie Gowell and Vice President Emily Martinus were kept busy finding opportunities to raise money.

The transition from Freshman to Sophomore was a hard but the class managed to survive. The first shock came when they

received their homework. It was a tough trying to keep up with all the homework the teachers were sure they needed.

They made it though, and now its over, and the experts say they are better for it.

Of course, it was a year to remember, from the apple bombing of the homecoming float to the car wash fundraiser, the class of '97 did it all. - Allison Kujawski (99)

The problem has been solved and Charlevoix is celebrating. For four Charlevoix High School freshmen, success has knocked upon their door. Freshmen Future Problem Solvers (FPS) Shaun MacMillan, Laurel English, Tyler Lieberman, and Joel Trubilowicz became the first CHS FPS team to take a first place finish at the state competition in their age group compiled of kids grades 7-9.

"We didn't think we would get it after the announcement of the third place team," MacMillan commented. However, their team finished first in the state in their age group compiled of kids grades 7-9. There were 66 teams at the state competition, held at the University of Michigan, which only accounts for 30 percent of the FPS teams in the state. While the Charlevoix team practiced on their own time for the competition, some teams from class A schools downstate actually have a Future Problem Solving class that they can include in their regular school schedule.

Colophon

Well, you've just about reached the end of the yearbook and yes, it's that time again kids for the colorfully creative colophon. You're probably asking yourself, what is a colophon? Well, it's an explanation of how the yearbook went from an idea, to what you're reading. The theme of "Hit the HIGH Spots" was decided last year by Editors Nikki Sheldon and Emily Murray, with the help of Lisa Wheat, and Leah Dulaney. The original controversial cover was done by the lovely and talented Ian Powell and was chosen by the 41 students in the two classes. Unfortunately, this cover was short lived as Miss Lerch succumbed to the pressures of both class and had the cover changed to the plain blue design. This book was created on Adobe Pagemaker 5.0 on five Power Macintosh 5400/120 computers named John, Paul, George, Ringo, and Liam. The publications kids all bonded this year by touring the Petoskey News Review and having a spaghetti dinner to raise funds. We also got this book supported by local business ads. Without them, the book wouldn't have been possible. We used Josten's to publish the book and received school pictures from Lifetouch Studios. A large variety of fonts were used. In the first signature (pgs. 1-16) the spot color was # 247 Violet. The yearbook was originally priced at \$25 at the start of the year and advanced to \$35 until Spring Beak when it went to \$40. We would like to thank Jostens Rep. Tom Keiswetter, Our Jostens "lady" at the plant, Sharon Beckman, Janene Harrington at the The Charlevoix Courier for supplying lots of pictures, Principal Gary Grundman for getting us three new groovy computers, and The Charlevoix Enrichment Foundation for supporting our efforts by awarding us with a new program, Freehand 7.0. Everything came together through deadlines and arguments through the music of the Smashing Pumpkins, Grateful Dead, and many Phish bootlegs. We hope you enjoy this yearbook forever. Rock n' Roll. -Crystal Marvin (97)
